Day School 2009

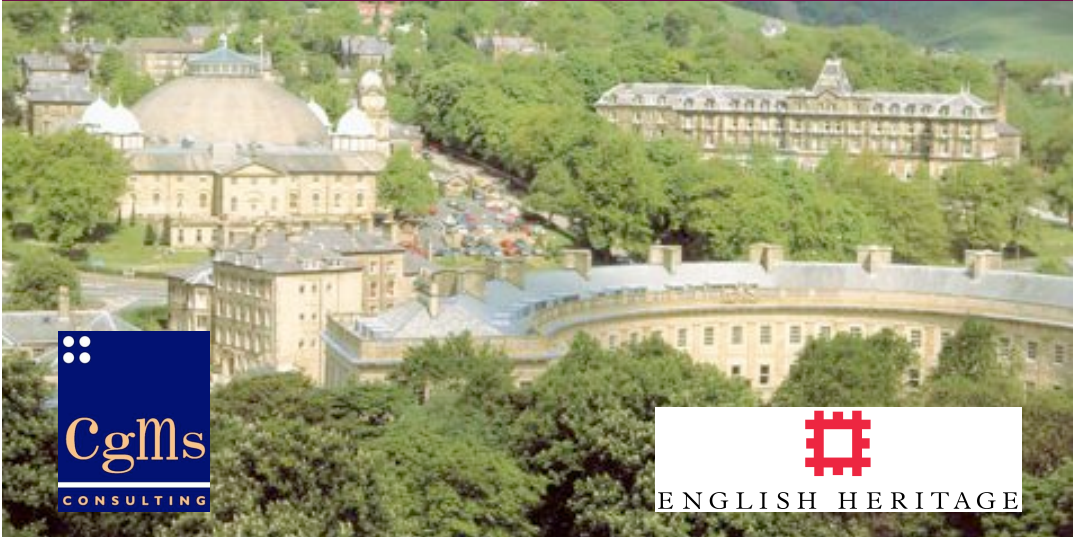

FIT PAST – FUTURE PERFECT?

Conservation: a key to sustainable design.

Friday 12th June
Buxton, Derbyshire

The 2009 IHBC Day School is an exciting opportunity to focus on the impact of climate change on the historic environment and to look for practical solutions to promote the sustainability of historic buildings.

See www.ihbc.org.uk for details and booking

Day School places start from £130 (excluding VAT)

Early booking discounts apply until 10th April.

Booking is on-line at **www.ihbc.org.uk** and then follow the link.

If you prefer you may also book by telephone on 0131 558 1854.

IHBC Day School

INSTITUTE OF HISTORIC BUILDING CONSERVATION

Friday 12th June
Palace Hotel, Buxton

The Day School examines the challenges of climate change and looks for ways in which we can respond positively to it. The School will provide an opportunity to hear about current initiatives and new approaches, to gain insights from recent projects, and to consider ways of adapting and enhancing our historic environment in the future.

Day School Programme

Classes and lectures will explore:

- Threats and opportunities: the historic environment and climate change
- Is conservation of the historic environment a sustainable activity?
- Climate change and the historic environment: a European perspective
- How can we make historic buildings even more sustainable?
- Building Research Establishment Environmental Assessment Method
- Climate change and designed landscapes
- Micro-generation and the historic environment
- Building Regulations and traditional buildings
- Sustainability and contemporary design
- Building materials and sustainability
- Current work at The Crescent, Buxton

The programme is subject to change.
